Get the tools you need to prepare for and implement QAPI-mandated regulations in your long-term care facility with a preparatory workshop for AADNS' QAPI Certified Professional certification. Implementing quality assurance and process improvement (QAPI) strategies is nothing new in long-term care. Following these principles helps you fulfill your mission to provide the best possible care and quality of life for residents. This two-day workshop will help you:

- Implement the five elements of the QAPI program
- Evaluate your facility and create an ongoing improvement plan for your facility
- Improve your team's understanding of the process
- Apply QAPI principles effectively
- Lead your team in QAPI initiatives

This workshop will complement your expertise with QAPI knowledge and skills to lead your team in quality initiatives. Workshops are taught by individuals who go through rigorous requirements to become Master Teachers and who are experts in the field.

To receive the member price please visit www.AADNS-LTC.org/join AADNS membership is not a requirement to register for or attend this educational activity
